(b) Under the Special Foodgrains Production Programmes for Rice, Wheat and Maize, the State Governments have been advised that while providing assistance on inputs to the farmers, the Scheduled Castes, Scheduled Tribes and small and marginal farmers should be covered first and if the funds are available thereafter, the others be given the benefits under these programmes. The schemes are implemented through the State Government and the beneficiaries are selected by the panchayats who maintain the details at panchayat level.

(c) As a result of the successful implementation of the Special Thrust Programmes, production of rice, wheat, maize, gram, arhar, and oilseeds has increased significantly in the SFPP States leading to the overall increased production of foodgrains and oilseeds in the country as may be seen from the table given below:—

Regularisation of Unauthorised Colonies

476. SHRI VIRENDRA VERMA:
SHRI ISH DUTT YADAV:

Will the Minister of URBAN DEVELOPMENT be pleased to state:

(a) what has been the periodicity of regularising the unauthorised colonies in Delhi stating the number of unauthorised colonies, on an average, regularised at a time and the criteria for their regularisation;

(b) whether any long term/short term plan has been drawn to provide sewerage facilities in the regularised colonies besides other civic amenities as pointed out by the Comptroller and Auditor General in its report 1987-88; and

(c) if so, what are the details thereof,

stating the cost involved and the additional expenditure estimated to be incurred because of delay in providing these amenities?

THE MINISTER OF URBAN DEVELOPMENT (SHRI MURASOLI MARAN): (a) to (c) There has been no periodicity in regularisation of unauthorised colonies in Delhi. However, 543 unauthorised colonies, which conformed to the criteria laid down by the Govt. *vide* statement (*See* below), have so far been regularised.

The Delhi Water Supply and Sewage Disposal Undertaking has provided sewerage facilities in 135 colonies and has prepared an action plan for extending these facilities in a phased manner over the next 3 years in 352 more colonies. Works are under execution in 35 colonies while action for allotment of work or calling for tenders is in hand in 75 colonies. Expenditure on provision of sewerage facilities, including laying of peripheral sewerage etc., in all such colonies is estimated to Rs. 88 crores.

Drinking water facilities have been extended to 481 colonies and the work is in progress in 11 colonies. A sum of Rs. 372.13 lacs has already been incurred for providing water supply facilities during the current financial year upto November, 1989.

A Budget provision of Rs. 500 lacs in the year 1989-90 and of Rs. 700 lacs in the year 1990-91 has been made for sewerage facilities in the unauthorised regularised colonies. Similarly, a Budget provision of Rs. 300 lacs each in the year 1989-90 and 1990-91 has been made for water supply.

GOVERNMENT OF INDIA
Ministry of Works & Housing
(*Nirman Aur Awas Mantralaya*)

...

New Delhi, the 16th February, 1977.

To

The Lt. Governor,
Delhi.

SUBJECT:— Unauthorised colonies in Delhi — Approval of.

Sir,

Government had appointed as Committee on 26th August, 1974 to make a case by case study in respect of all unauthorised colonies which have come up in Delhi from time to time in particular before 15th June, 1972 with a view that the Government could take a decision in regard to the future of such colonies. The Committee submitted its report on 26th February, 1975.

2. The report of the Committee has been examined by Government and it has now been decided that various unauthorised colonies which have come up in Delhi including those around villages outside in the "Lal Dora" as also the unauthorised extensions of approved colonies from time to time will be regularised on the terms and conditions set out below:—

(i) Both residential and commercial structures will be regularised.

(ii) Structures will be regularised after fitting them in a layout and after keeping clear space for roads and other community facilities. To the extent land is already available for roads and other community facilities in the immediate vicinity or neighbourhood such land be utilised for these purposes.

(iii) Development charges as determined by D.D.A/M.C.D will be payable by the owners of the properties in such manner as may be laid down by these bodies.

(iv) The families which are displaced in the process of providing space for roads and other community facilities will be rehabilitated in the following manner:—

(a) Owners of the houses, who or any of whose family members do not own a plot/house in Delhi will be provided alternate land/flat.

(b) The tenents will be allotted alternate accommodation provided they, or any of their dependent members of family do not own a house/plot in Delhi.

(v) In the process of regularisation, wherever necessary, change of land use will be considered with reference to the provisions of the Master Plan/Zonal Plans.

(vi) Colonies which have been notified for acquisition will also be considered for regularisation and wherever necessary other consequential steps will be taken.

(vii) D.D.A./M.C.D. will tape up the work of completing the case by case study of all the colonies, which could not be done earlier, on a top priority basis.

(viii) A high level Implementation Body will be set up to watch the progress of regularisation and development of unauthorised colonies in accordance with the policy laid down by Government. The D.D.A. and M.C.D. will be the implementing authorities.

(ix) The civic services which will be provided in future in the colonies to be thus regularised, as also those which may already exist in these colonies, will be maintained by M.C.D.

(x) The M.C.D. will take immediate steps especially to provide water and electric connections in all the unauthorised colonies. Those who have already deposited the money would be given preference.

3. Constructions already done in areas earmarked for roads and other community facilities in the colonies which had been regularised earlier, will also be regularised provided land for such facilities is available in the immediate vicinity or neighbourhood. Otherwise, they will be given alternate sites/flats.

4. While deciding upon the regularisation of unauthorised colonies in the manner indicated above, it is also to be emphasised that Government will not countenance any activity or action on the part of any individual or body to put up fresh structures whether in the existing unauthorised colonies or in any other areas within or outside the urbanisable limits of Delhi. Any attempt in this direction will be viewed seriously and defaulters will be dealt with severely.

Yours faithfully,

Sd/-
